

Mindfulness-Based Stress Reduction

MBSR – Fall 2024

Live Online via Zoom

MBSR is an 8-week evidence-based, experiential program designed to provide participants with intensive and systematic training in mindfulness meditation and movement practices to be integrated into one's daily life.

Research on MBSR consistently demonstrates positive outcomes associated with increased self-awareness, emotion regulation and focus, as well as reductions in anxiety, depression, and chronic pain.

This course is appropriate for anyone who is impacted by stress and interested in exploring how mindfulness may support you in living life more fully, with greater ease and wellbeing.
